ABOUT OUR COLLEGE

Virudhunagar Hindu Nadars' Senthikumara Nadar College was established in the year 1947. It is one of the premier institutions of higher learning in Arts & Science. It became an Autonomous institution affiliated to Madurai Kamaraj University, Madurai since 2012. The College offers 73 courses (19 UG, 15 PG, 13 M.Phil, 9 Ph.D, 1 PG Diploma, 5 Advanced Diploma, 5, Diploma, 6 Certificate courses) in several disciplines. The institution has been accredited with "A" Grade for the third time by NAAC and secured overall 51st rank and 7th rank in research among the Arts & Science Colleges all over India according to the National Institutional Ranking Framework, (NIRF) approved by MHRD. The College plays a vital role in imparting value based quality higher education to the socially and economically backward students of Tamilnadu for the past 74 years.

ABOUT OUR DEPARTMENT

Department of Microbiology was instituted in the year 1990 with Post Graduation in Microbiology. The undergraduate course was started in the year 2004. The M.Phil course was started in the year 2007. The department is possessed with well qualified, dedicated and experienced faculty members and foster research activities in major thrust areas in Microbiology. It is equipped with all Biochemical, Immunological, Molecular Biological and Genetic engineering instruments including Thermal Cycler (PCR), UV-VIS spectrophotometer, ELISA Reader and Ultra -Sonic processor. Twenty students have undertaken projects sanctioned by TNSCST (Tamil Nadu State Council for Science and Technology), Chennai, and have been awarded for their best performance.

ABOUT THE TOWN

Virudhunagar is the birth place of Hon'ble. K. Kamaraj, the former Chief Minister of Tamilnadu and President of Indian National Congress. This town is well known for Education and Business. It is situated in Tamilnadu on NH-7 Kashmir to Kanyakumari and located at a distance of 45 km south of Madurai.

ABOUT THE WORKSHOP

The mushroom cultivation workshop is in two parts. A morning session to learn about the theory behind cultivating mushrooms. In the afternoon, there's a practical session where you can test out different growing methods in the lab. This workshop will provide the platform to the participants to understand the necessity of mushroom cultivation techniques.

international level. Dr. Ramesh elaborated the requirements of ornamental fishes, cultural practices, disease management, transportation and marketing. He highlighted the job opportunities available in the aquaculture industry which was useful to the outgoing students.

The afternoon hands-on training session was handled by Mr. S. Maruthupandi who is a technical expert in Aqua Garden, an aquaculture industry, based at Kadachanendhal, Madurai district, Tamilnadu. It was chaired by Dr. K. Nagarajan, Associate Professor and Head, Department of Zoology. Mr. Maruthupandi demonstrated the construction of fish tank using glass plates. He explained the method of handling silicone sealant gun (glue gun). Then the students were divided into three batches. They were provided with sealant gun and glass plates. They constructed their own aquarium tanks. Dr. A. Noortheen, Assistant Professor of Zoology, proposed vote of thanks. The hands-on training programme was helpful to the students as they had learnt the way of constructing a glass tank for ornamental fish culture. This would help them to become an entrepreneur at least at a smaller level.

medicinal properties of mushroom, commercially important mushroom species, suitable environmental conditions required for the cultivation of mushroom, production and market demand in India, etc. He answered all the queries raised by the students with data and information.

Dr. K. Nagarajan, Head of the Department of Zoology, proposed vote of thanks.

The practical session was taken over by Mr. M. Irulandi, Managing Director, Aruvi Mushroom Cultivation Farm, Sivakasi. He demonstrated the production of spawn, preparation of mushroom compost, filling of bags with compost, inoculation of spawn on the compost, watering of inoculated compost filled bags, casing, harvesting of mushrooms and storage of mushrooms. The students were instructed to prepare the compost individually. They also filled the bags with compost and inoculated the spawn. Mr. Irulandi explained the economics of establishment of mushroom cultivation at the smaller scale. The training was helpful to students to take up mushroom cultivation as a source of income. Dr. N. Alagumanikumar, Assistant Professor of Zoology, proposed vote of thanks.
